Re: 1989 Satellite Royalty Distribution  
Proceeding (CRT Docket No. 91-1-89SCD)

Dear Chairman Aguero:

The Moving Parties, in an effort to accommodate scheduling conflicts that have been brought to their attention<sup>1/</sup> since the filing of the Joint Motion For Extension Of Time, modify their Motion to request the following schedule:

August 30	Direct cases due.
September 12	Parties file motions to compel discovery or evidentiary objections to the direct cases with the Tribunal.
September 17	Responses to motions/objections due.
September 23	Tribunal rules on motions/objections.
September 25	Hearing of the direct cases begins.

Counsel for all of the Phase I claimants, including Program Suppliers, have been notified of this modification of the requested schedule, and all have stated that they do not oppose this modification. The Moving Parties further suggest that, consistent with prior Tribunal practice, the scheduling of the hearing and of particular direct cases and witnesses should be done in such a way as to accommodate the preferences of the Tribunal, the schedules of the parties and their counsel, and other circumstances that may arise.

---

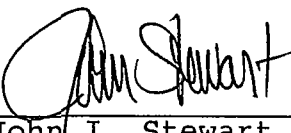

<sup>1/</sup> Moving Parties understand that these scheduling conflicts will be more fully described in a separate letter being filed today by Program Suppliers.

In view of the currently scheduled date for exchanging the direct cases, the Moving Parties respectfully request that the Tribunal act on their Joint Motion For Extension Of Time as expeditiously as possible.
